

## Women's Restroom Plan

Work will begin on July 20th and finish on  
November 10th

## Men's and Family Restroom Plans

Work will begin on August 8th and finish on  
November 18th

Work on the fellowship hall restrooms will  
begin on November 19th and finish on  
December 11th

A building remodel brings a sense of freshness and renewal. The work that will take place in the worship center and adjacent restrooms will bring needed updates to the church facilities. I am so excited about what's going to take place. Please, participate in this remodel through your prayers, your designated gifts, and your attendance at the church conference on July 19 at 5 p.m.

Pastor Dana Moore

# The Proposed Renovation Plans

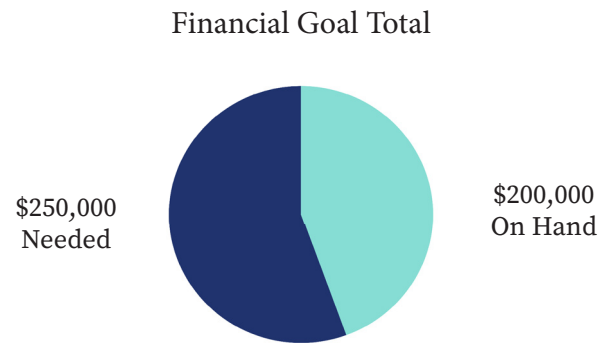

Work on the worship center will begin on July  
20th and finish on November 10th.

## Frequently Asked Questions

- When did we begin working on this project?
  - Over a year and a half ago, the church elected an ad hoc committee to oversee a remodel of the worship center and the adjacent restrooms. A significant remodel is in order.
- What are the major areas affected in the proposed Renovations
  - This remodel will include installing sound panels and tiles to improve the resonance for an even better worship experience.
- How will wheelchair accessibility to the restrooms be improved?
  - The restrooms also need to be completely renovated and brought up to ADA standards.

- Who is the proposed general contractor?
  - Two building companies stepped forward with bids to perform the remodel, and the committee selected to use Progressive Structures, Inc. which gave the lower bid.
- What will the cost of this project be?
  - The committee then set the financial goal at \$450,000. This amount will cover the bid from the building contractor and also any unexpected expenses and unanticipated cost overruns. Right now the church easily has 40% of the goal in hand (\$200,000). The ad hoc committee believes that the church should begin raising the needed funds in earnest to cover the cost of the project. Should the builder finish before funds are raised, the church will borrow money to cover any shortfall.

- How long will the building project take?
  - The completion goal for the project is mid-November.
- Why are we embarking on a building project now, during a pandemic?
  - With the attendance at church down due to the coronavirus, this would be an excellent time to undertake this project since it will involve suspending the use of the worship center until completion.
- Will we have enough space in the Fellowship Hall to socially distance?
  - In the meantime, the fellowship hall will be utilized for worship, as it has plenty of room for worship while observing social distancing.
- When will we learn more details about the renovations?
  - The church will have the opportunity to approve the project at the next scheduled church conference on July 19 at 5 p.m.
